IREDA - NIWE AWARDS FOR WIND ENERGY

INTRODUCTION

National Institute of Wind Energy (NIWE) formerly known as Centre for Wind Energy Technology is an autonomous R&D institution established at Chennai in 1998 by the Ministry of New and Renewable Energy (MNRE), Government of India. It is a premier institution with highly experienced professionals having expertise in all related disciplines of wind energy sector. This combination makes it a forward looking and practical institution always well placed to take the next logical steps towards advancing wind technology in the right direction. With its progressive approach to all wind energy related science and technology from onshore to offshore, NIWE assures assistance from resource assessment to project implementation. As an integral part of NIWE, a world class accredited Wind Turbine Test Station (WTTS) is established at Kayathar in Thoothukudi District, Tamil Nadu. NIWE has been vested with the responsibility to provide complete scientific and technical backing to all stakeholders in the field of wind energy.

Indian Renewable Energy Development Agency (IREDA), New Delhi has signed a Memorandum of Understanding (MoU) with NIWE for creation of Corpus and established Annual Award to promote innovation, research & development, manufacturing, developing & harnessing Wind Energy at the State and National levels and to motivate individuals / companies to strive to perform better in the field. NIWE has been requested to promote these awards as 'IREDA-NIWE Awards for Wind Energy'.

As agreed by NIWE in the above MoU, NIWE has instituted Award called “IREDA-NIWE Annual Awards for Wind Energy” and the Awards are instituted with the following general rules and regulations.
